In the Matter of:

KENTUCKY POWER COMPANY'S )  
TARIFF APPLICATION FOR AN )  
ANNUAL ADJUSTMENT OF ) CASE NO. 9092  
CABLE TELEVISION ATTACHMENT )  
CHARGES )

O R D E R

On June 26, 1984, Kentucky Power Company ("Kentucky Power") filed a revised tariff increasing the Cable Television Attachment Charges ("CTAC"). The filing was pursuant to a provision for annual adjustment of charges included on sheet 18-1 of the CTAC tariff approved in Administrative Case 251-24, The CATV Pole Attachment Tariff of Kentucky Power Company. On August 7, 1984, the Commission suspended the proposed tariff until January 7, 1985, in order to investigate the reasonableness of the proposed tariff revisions.

In recent months the Commission has reviewed the manner in which charges may be revised outside a general rate case proceeding. Non-recurring charges may now be revised pursuant to a recently approved revision of the Commission's tariffs regulation, 807 KAR 5:011, Section 10. The Commission is of the opinion that recurring charges, such as CTAC, should not routinely be revised outside a general rate case proceeding. Therefore, the tariff provision calling for annual adjustment of CTAC should be eliminated.

The Commission, having considered the evidence of record and being advised, is of the opinion and finds that:

1. Kentucky Power's proposed rates are fair, just and reasonable.

2. Kentucky Power should eliminate the wording, "This rate will be revised annually in accordance with said formula and adjusted accordingly with supporting documentation to the Commission," from its CTAC tariff.

IT IS THEREFORE ORDERED that the rates proposed by Kentucky Power be and they hereby are approved for service on and after the date of this Order.

IT IS FURTHER ORDERED that within 30 days from the date of this Order Kentucky Power shall file with the Commission its revised tariff sheets setting out the rates approved herein and eliminating the wording in its CTAC tariff referred to in Finding 2.

Done at Frankfort, Kentucky, this 12th day of October, 1984.
